

# Bolt On 90 Mins Bottomless Drinks

What does it include?

To qualify for the Bolt-On Package, you must order from our À La Carte Menu. This gives you the freedom to choose exactly what you'd like — either two items from the menu, one large plate, or one sushi roll.

You must have at least one drink ordered and on the table at all times — although we do provide you with a bottle of Prosecco!

Every member of your party must participate in the Bolt-On Package.

Your time starts when your first drink arrives at the table. Please ensure you are on time for your booking, as we cannot wait should part of your party not arrive on time.
